Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED OR DISCLOSED, AND HOW YOU CAN ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

State and Federal laws require us to maintain the privacy of your health information and to inform you about our privacy practices by providing you with this Notice. We must follow the privacy practices as described below. This Notice will take effect on Septemeber 3rd, 2021, and will remain in effect until it is amended or replaced by us. It is our right to change our privacy practices provided law permits the changes. Before we make a significant change, this Notice will be amended to reflect the changes and we will make the new Notice available upon request. We reserve the right to make any changes in our privacy practices and the new terms of our Notice effective for all health information maintained, created and/or received by us before the date changes were made. You may request a copy of our Privacy Notice at any time by contacting our Privacy Officer, Dr Mieasha H. Barksdale DPM. Information on contacting us can be found at the end of this Notice.

TYPICAL USES AND DISCLOSURES OF HEALTH INFORMATION

We will keep your health information confidential, using it only for the following purposes:

Treatment: We may use your protected health information (PHI) including electronic protected health information (ePHI) to provide you with our professional services which may include electronic disclosure. We have established "minimum necessary" or "need to know" standards that limit various staff members' access to your health information according to their primary job functions. Everyone on our staff is required to sign a confidentiality statement.

Disclosure: We may disclose and/or share protected health information (PHI) including electronic disclosure with other health care professionals who provide treatment and/or service to you. These professionals will have a privacy and confidentiality policy like this one. Health information about you may also be disclosed to your family, friends and/or other persons you choose to involve in your care, only if you agree that we may do so.

(**a) Right to an Accounting of Disclosures**: You have the right to request an "accounting of disclosures" of your protected information if the disclosure was made for purposes other than providing services, payment, and or business operations. In light of the increasing use of Electronic Medical Record technology (EMR), the HITECH Act allows you the right to request a copy of your health information in electronic form if we store your health information electronically. Disclosures can be made available for a period of 6 years prior to your request and for electronic health information 3 years prior to the date on which the accounting is requested. To request this list or accounting of disclosures, you must submit your request in writing to our Privacy Officer.

(**b) Right to Request Restriction of PHI:** You may request a restriction on our use and disclosure of PHI, but we are not required to agree to your request. The HITECH Act restricts provider's refusal of an individual's request not to disclose PHI in instances where the disclosure is to a health plan for purposes of carrying out payment or health operations (and is not for purposes of carrying out treatment); and the PHI pertains solely to a healthcare item or service for which our facility has been paid out of pocket in full.

Insurance Referrals If your insurance company requires a referral you are responsible for obtaining it. Failure to obtain the referral may result in a lower or no payment from the insurance company, and the balance will be your responsibility.

Insurance Pre-authorizations Our office will contact your insurance carrier for a pre-authorization for all medical and/or surgical procedures prior to the service. This may take a few weeks for your insurance to complete. ***A pre-certification, prior authorization, or pre-determination- is not a guarantee of payment only that insurance deems it as medically necessary services and is subject to coverage at the time of service.***
